

TOYOTA MATERIAL HANDLING DEUTSCHLAND GMBH

Köln - Germany | Wholesale of other machinery and equipment

Publication date: 2 Sep 2024 (Revised: 2 Sep 2024)

Valid until: 2 Sep 2025

Carbon Management Level

Strengths and Improvement Areas

Commitment	Weight 25%
Strengths (5)	
Targets	
Strengths	
GHG emissions reduction target publicly announced	
Absolute Scope 2 GHG emissions reduction target established	
Science-based GHG emissions reduction target established or committed via SBTi	
Absolute Scope 1 GHG emissions reduction target established	
Absolute Scope 3 GHG emissions reduction target established	

Actions	Weight 25%
Strengths (7)	
Actions Scope 1 & 2	
Strengths	
Use of efficient HVAC (heating, ventilation, and air conditioning) equipment	
Energy and/or carbon audit	

Reduction of energy consumption of lighting systems

Purchase of verified carbon offset credits

Training of employees on energy conservation/climate actions

Reduction of carbon emissions in logistics or optimization of fleet efficiency

Purchase and/or generation of renewable energy

Improvement Areas (2)

Actions Scope 3

Priority Improvement Areas

Low

Consider acting to reduce emissions from business travel, employee commuting, or downstream transportation

Low

Consider engaging and/or selecting suppliers/investees/portfolio companies based on GHG emission intensity

Reporting

Weight 50%

Strengths (5)

Monitoring System

Strengths

GHG emissions report is publicly available

Conducted screening to identify relevant Scope 3 categories

Corporate level GHG inventory in place to monitor GHG emissions in accordance with GHG protocol or other GHG accounting standards

GHG emissions report has been verified by a third party

Monitoring Coverage

Strengths

The scope of GHG monitoring covers all operations

Improvement Areas (2)

Monitoring System

Priority Improvement Areas

Low

Consider updating GHG inventory at least once per year

Performance Review

Priority Improvement Areas

High

Consider evaluating existing GHG emissions reduction initiatives to align performance with targets

The below disclaimers apply to you if you have no contractual relationship with EcoVadis:

- (1) This Scorecard has a validity of twelve (12) months from the issue date.
- (2) The rating and this Scorecard have been prepared based on information provided by the rated company and in accordance with best industry practices and EcoVadis methodology, which may differ from those used by other companies conducting similar assessments. EcoVadis disclaims any liability for any actions and/or decisions taken by a third party, including any investment decision, based on the ratings and/or this Scorecard.
- (3) This Scorecard is based on the disclosed information and news resources available to EcoVadis at the time of assessment. Should any information or circumstances change materially during the period of the Scorecard validity, EcoVadis reserves the right to place the Scorecard on hold and, if considered appropriate, to re-assess and possibly issue a revised Scorecard.
- (4) This Scorecard is the intellectual property of EcoVadis and must not be:
 - (i) copied, modified, translated, published, reproduced and/or
 - (ii) used as part of or in connection with any other CSR/ESG assessment, unless agreed otherwise in a written agreement signed with EcoVadis.
- (5) This Scorecard is the confidential information of EcoVadis. Unless agreed otherwise in a written agreement signed with EcoVadis, this Scorecard and the rating must not be
 - (i) used by a third party as part of or in connection with any activity related to revenue generation and
 - (ii) shared any further; it may be used only for a third party's internal purposes.
- (6) Only a Scorecard of a rated company having a Select subscription can be used for the purpose of ESG - linked loans and similar products.
